The River Line Historic Area embraces historic and natural resources west of the Chattahoochee River; to unite the community as a place of distinction linking Vinings, Smyrna & Mableton, GA

RE: Compromise name proposal for the 100-acre Cobb County historic nature park bordering the Chattahoochee River, Nickajack Creek, and Discovery Blvd. in District 4, and within The River Line Historic Area.

Dear Board of Commissioners,

On April 11th, two representatives from the River Line Historic Area Board met with two representatives of the Mableton Improvement Coalition Board to try to find a compromise name for the 100-acre park on Discovery Blvd. The discussion produced two possible compromise names. On April 28th the River Line Historic Area Board met and approved "Mableton's Chattahoochee River Line Park" as the compromise name for the park.

On May 1st, I was notified that the Mableton Improvement Coalition Board also approved the same name.

We ask that the Cobb County Board of Commissioners consider "Mableton's Chattahoochee River Line Park" as the name for the new 100-acre park on Discovery Blvd.

Sincerely,

Mark Cearfoss,
Board Member and Treasurer
The River Line Historic Area, Inc.
